PNSG1522 - Transition to Practical Nursing Practice

Credits:	1 (1/0/0)
Description:	This course prepares students for transition into practical nursing practice. Concepts related to career development options that enhance career mobility are explored. Standards of practice and the importance of practicing according to state regulations and statutes that are within the scope of practice for the practical nurse are reviewed. The role of the practical nurse in emergency preparedness is examined.
Prerequisites:	• BIOL2260 • BIOL2261 • Current American Heart Association Basic Life Support • Current, clear Minnesota Department of Health criminal background check • Current, clear national background check • Experience as a nursing assistant as guided by the PN application packet • HLTH1005 • PNSG1509 • PNSG1512 • PNSG1513 • PSYC2222 • Up-to-date immunizations and health form
Corequisites:	
Pre/Corequisites*:	
Competencies:	1. Demonstrate planning for role transition from student to licensed practical nurse. 2. Examine standards of practice for licensed practical nurses and the importance of practicing according to state regulations and statutes. 3. Provide input regarding quality improvement methods used to develop or revise policies and procedures. 4. Recognize priorities of care in the provision of an emergency response plan under the direction of a registered nurse or other licensed healthcare provider.
MnTC goal areas:	None

**Can be taking as a Prerequisite or Corequisite.*
