**The Ulman Cancer Fund for Young Adults National College Scholarship Program** was established to support the financial needs of young adults whose lives have been impacted by cancer and are seeking a higher education. Our competitive scholarships are awarded in July to the most qualified students with demonstrated financial need. In 2008, $2500 scholarships were awarded to ten applicants from across the country. Each year, we receive over 300 applications for our various scholarships. All applicants are thoroughly evaluated on the following criteria: Dedication to community service, Commitment to educational and professional goals, Use of their cancer experience to impact the lives of other young adults affected by cancer, Medical hardship and Financial need. There are five competitive scholarship awards and the eligibility requirements for each scholarship will vary. Applicants may submit only one application.
