<tbody>
<tr>
<td>Description:</td>
<td>Content is designed to provide a fundamental background in ethics. The historical and philosophical basis of ethics as well as the elements of ethical behavior will be discussed. The student will examine a variety of ethical issues and dilemmas found in clinical practice. An introduction to legal terminology, concepts and principles will also be presented. Topics will include misconduct, malpractice, legal and professional standards and the ASRT scope of practice. The importance of proper documentation and informed consent is emphasized.</td>
