Concurrent Enrollment Program
Course Survey Results

End of Course Survey Process

M State’s Concurrent Enrollment Program is accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP). One of the accreditation requirements is to conduct student surveys at the end of every course; at the end of every term. Surveys are created by Concurrent Enrollment Program (CEP) staff and survey links are emailed to instructors. CEP instructors forward the survey link to their students, or take students to the computer lab to complete the survey.

Survey results are collected and reported back to CEP instructors at the course-level. Program-level results are analyzed by the college’s institutional research department and the CEP staff to identify program strengths and continuous improvement initiatives.

End of Course Survey Results Summary

Effectiveness of Instructors
Student ratings of course surveys indicate that concurrent instructors are effective.

![The instructor for this course is an effective teacher: Positive responses](chart)

- Fall 2016: 92%
- Spring 2017: 92%
- Fall 2017: 93%
Concurrent Enrollment Program - Strengths
