A. Complaints – Students may bring any complaints forward 15 business days of the first occurrence of the event giving rise to the complaint, or within 15 days after the student, through the use of reasonable diligence, should have had knowledge of the first occurrence giving rise to the complaint.
   1. Students are encouraged to use available informal means to resolve concerns before filing a complaint.
   2. Students shall use the college’s Student Complaint, Grievance and Informal Concern form to submit their complaint, completing all the information requested. The form is available on
the college’s website, by contacting the student services office on any campus, or by calling the Support Center at 877.450.3322.

3. The college supervisor who receives the complaint shall contact the student to discuss the complaint within ten business days of the complaint submission. The college supervisor shall inform the student of, and document on the complaint form, a reasonable date by which the supervisor shall make a written response. The student may have an appropriate campus representative (e.g., counselor or instructor), in attendance for any such discussion.

4. Information submitted and gathered in a student complaint is subject to the Minnesota Data Government Practices Act.

B. Grievances – If students determine that a complaint is not satisfactorily resolved, and the complaint alleges improper, unfair, or arbitrary action by a college employee involving the application of a specific provision of a college or Minnesota State system policy or procedure, the student may file a grievance.

1. The grievance must be filed on the Minnesota State Community and Technical College’s Student Complaint, Grievance or Informal Concern form within 10 business days of receipt of the written response to the complaint under Part 3, Subpart A. The grievance shall state the reason for the grievance, a factual summary of the grievance, the specific policy or procedure application that is of concern, and the requested remedy. The form is available on the College website, by contacting the student development services office on any campus, or by calling the Support Center at 877-450-3322. The student may submit the grievance through the following steps:

   a. The administrator to whom the employee reports. The student may elect to waive this step if the student previously submitted the matter to the same administrator under the Complaint Process in Part 3, Subpart A.

   b. The chief officer to whom the employee reports.

2. Each administrator who receives the grievance shall meet with the student to discuss the grievance within ten business days. The administrator shall inform the student of, and document on the grievance form, a reasonable date by which the administrator shall make a written response.

3. Information submitted and gathered in a student grievance is subject to the Minnesota Data Practices Act.

Subpart C. Appeal of a Grievance Decision.

If the grievance is not resolved, the student may submit a written appeal of the grievance decision, within ten business days after receiving the written response in Part 3, Subpart B., through the following steps:

1. To the college president. The president's decision is final and binding, except as provided for in Part 3, Subpart C.2.

2. If the grievance involves a Minnesota State system Board policy, or the actions of the college President, to the Chancellor. The decision of the Chancellor is binding.
Subpart D. Timeframe.
If a complaint or grievance is not presented within the specified time limits, it will be considered waived by the student. If a complaint or grievance is not appealed to the next step within the established time limits, it will be considered settled on the basis of the last decision.

If, after presentation at any step, a college employee does not respond to the complaint or grievance within the specified time limits, the student may treat the complaint or grievance as denied at that step and may appeal the complaint or grievance to the next step.

The time limits for any step may be extended by mutual written agreement of the student and the appropriate college or Minnesota State system personnel.

Subpart E. Retaliation.
Retaliation against a student for participating or not participating in a complaint, grievance or informal concern is prohibited.

Subpart F. Procedure for change.
Procedures for instituting change at the college are available to students at both local and state level. Individual students may submit items for consideration to the Student Government Association or the appropriate college committee. Notice of Student Government Association meetings and copies of the minutes are posted, and all meetings are open to visitors.
