

# MINNESOTA STATE COMMUNITY AND TECHNICAL COLLEGE

## **Policy Name: Curriculum Policy**

### **Policy**

Quality curriculum development and revision are the responsibility of faculty with the support and authorization of the administration. Courses in applied studies, technical studies, supervised occupational experience, general education, general studies and Custom Training Services shall be developed and implemented consistent with the College mission. All College curriculum will be in compliance with MnSCU policies.

Program curriculum requirements will also be reviewed annually by faculty and advisory committees for purposes of evaluation and possible revision. All proposed revisions must be requested and approved in accordance with established procedures.

### **Purpose**

Recognition of the dynamic work environment and consideration for the College mission require a consistent curriculum process.

### **Responsibility**

Faculty	Develop, revise and maintain quality, relevant curriculum.
Administration	Provide appropriate support.
AASC	Review and approve.

Steward: Chief Academic Officer

Approval Date: March 1, 2005

Implementation Date: March 1, 2005

Revised Policy Format Only: July 31, 2012
