Associate Vice President of Academics

I have been with M State since 2002 and have diverse experience in higher education and K-12 schools. I am an advocate for continuous improvement and supporter of the personal and professional growth of students. As the administrator overseeing the Concurrent Enrollment Program at M State, you can contact me for questions about faculty credentialing, overall satisfaction with the programming, mentoring assignments and creating synergies with all M State K-12 programs (eCampus in the High School, Center for College Readiness, Concurrent Enrollment and up2U).

**MEGAN ADAMCZYK**

K-12 Collaboration Manager

I work with all of M State's K-12 programs. For our Concurrent Enrollment Program, I oversee and coordinate all of the day-to-day operations. Contact me for any program information, student appeals and waivers, updates or changes, and any other general information. I also schedule visits to your high school for presentations, meetings and assistance with our college readiness programs.

**KATIE TYSDAL**

Administrative Assistant to Associate Vice President of Academics

I work directly with the Associate Vice President to ensure the success of K-12 programming. I assist with course planning, assigning mentors and approving new teachers. My goal is to make collaborations with our high school partners run as smoothly and efficiently as possible. Contact me any time with questions about the Concurrent Enrollment Program at M State.

**BRENDA KAVA**

Associate Registrar

I have worked for M State since 2002 as a resource specialist, in financial aid, admissions, and now as the associate registrar. It is so rewarding to assist students in preparing for their post-secondary education. Grades are sent to me at the end of every term. You can contact me regarding student registration and grades.

**ERIN WARREN**

erin.warren@minensota.edu  
218.736.1569

eCampus Resource Specialist/ePSEO Advisor

I have been with M State for five years. In my position, part of what I do, is work with high schools in processing student applications and transcripts, and getting students tested. Contact me for troubleshooting technical issues with Accuplacer testing and questions regarding the Concurrent or eCampus in the High School process.
