ADMM2255 - Evaluation and Management Coding Practices

Credits:	1 (0.5/0.5/0)
Description:	This course will teach the students to appropriately assign evaluation and management codes based on the physician documentation using 1995, 1997 and 2021 E/M Coding guidelines. Students will abstract information from healthcare documentation and assign appropriate levels of service.
Prerequisites:	• ADMM1152
Corequisites:	
Pre/Corequisites*:	
Competencies:	1. Identify the importance of documentation and the ability to use Medicare E/M guidelines. 2. Identify, contrast, and explain these sections of healthcare records; history of present illness, review of systems, and general vs. specific physical examination. 3. Utilize the three elements of medical decision making to determine the overall medical decision-making complexity. 4. Explain key components to properly assign evaluation and management codes. 5. Explain documentation requirements for proper assignment of evaluation and management codes.
MnTC goal areas:	None

**Can be taking as a Prerequisite or Corequisite.*
