

BLDG1110 - Principles of Residential and Commercial Construction

Credits:	3 (1/2/0)
Description:	Students work in small groups with industry specialists and education professionals. Students attend multiple classroom and lab activities where they learn safety requirements for construction environments, proper use of a variety of hand tools, applications of shop equipment, the residential and commercial building process, and small equipment operations. Students will participate in a speed interviewing exercise with industry experts and learn about occupations in the construction trades profession.
Prerequisites:	<ul style="list-style-type: none"> • Instructor Approval
Corequisites:
