PLBG1133 - Blueprint Reading

Credits:	2 (2/0/0)
Description:	This course covers different types and sections of blueprints, including the different views and key points a plumber will need to understand. Interpreting isometrics also will be covered. Specification sheets will be introduced and their importance explained.
Prerequisites:	• PLBG1123
Corequisites:	
Pre/Corequisites*:	
Competencies:	1. Differentiate between a floor plan view, elevation view, plot plan and cut view. 2. Interpret isometric drawings. 3. Identify and explain common blueprint legend symbols. 4. Describe and interpret sections of a project blueprint. 5. Explain the function of a specification sheet or book and identify the sections that pertain to plumbing. 6. Identify key elevation points in regard to a building layout and the plumbing system.
MnTC goal areas:	None

**Can be taking as a Prerequisite or Corequisite.*
