

# PWST1014 - Personal Watercraft and Marine Engine Maintenance

Credits:	3 (1/2/0)
Description:	This course is designed to train the student on proper maintenance techniques for water-based recreational vehicles. Students are encouraged to bring their personal boats, outboards or personal watercraft or use the up-to-date industry products that the college offers, or both. This is an excellent course for getting personal watercraft and boats ready for an coming spring.
