

## NURS2438 - Restorative Nursing I

Credits:	4 (4/0/0)
Description:	Restorative Nursing I is designed to prepare students to plan nursing care for diverse patients experiencing disorders of the neurological/sensory, musculoskeletal, endocrine, immunological, hematological and gastrointestinal systems. Emphasis is placed on patient-centered care, nursing judgment/evidence-based care, safety and pharmacology.
Prerequisites:	<ul style="list-style-type: none"> <li>• BIOL2262</li> <li>• BIOL2263</li> <li>• CHEM1100</li> <li>• Current American Heart Association Basic Life Support</li> <li>• Current, clear national background check</li> <li>• Current, clear Minnesota Department of Health criminal background check</li> <li>• Experience as nursing assistant as guided by the generic ADN application packet</li> <li>• NURS1415</li> <li>• NURS1416</li> <li>• NURS1426</li> <li>• Up-to-date immunizations and health form</li> </ul> OR <ul style="list-style-type: none"> <li>• BIOL2260</li> <li>• BIOL2261</li> <li>• BIOL2262</li> <li>• BIOL2263</li> <li>• BIOL2267</li> <li>• BIOL2268</li> <li>• CHEM1100</li> <li>• Current American Heart Association Basic Life Support</li> <li>• Current, clear Minnesota Department of Health criminal background check</li> <li>• Current, clear national background check</li> <li>• ENGL1101</li> <li>• LPN</li> <li>• NURS2410</li> <li>• PSYC2222</li> <li>• Up-to-date immunizations and health form</li> </ul>
Corequisites:	
Pre/Corequisites*:	

Competencies:	<ol style="list-style-type: none"> <li>1. Analyze nursing care for diverse patients with disorders of the neurological and sensory system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>2. Correlate pharmacological management for diverse patients with disorders of the neurological and sensory system.</li> <li>3. Analyze nursing care for diverse patients with disorders of the musculoskeletal system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>4. Correlate pharmacological management for diverse patients with disorders of the musculoskeletal system.</li> <li>5. Analyze nursing care for diverse patients with disorders of the endocrine system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>6. Correlate pharmacological management for diverse patients with disorders of the endocrine system.</li> <li>7. Analyze nursing care for diverse patients with disorders of the immune system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>8. Correlate pharmacological management for diverse patients with disorders of the immune system.</li> <li>9. Analyze nursing care for diverse patients with disorders of the hematology system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>10. Correlate pharmacological management for diverse patients with disorders of the hematology system.</li> <li>11. Analyze nursing care for diverse patients with disorders of the gastrointestinal system, integrating the concepts of pathophysiology, safety and evidence-based nursing practice.</li> <li>12. Correlate pharmacological management for diverse patients with disorders of the gastrointestinal system.</li> </ol>
