

Associate Degree in Nursing (Generic Option) Application Packet
Fergus Falls and Wadena Campuses
Fall 2018 Start
Application Deadline: March 16, 2018

Dear Nursing Applicant:

Thank you for your interest in Minnesota State Community and Technical College's Associate Degree in Nursing (ADN) - Generic Option. This document provides updated information you will need to apply to the ADN - Generic Option program offered on our Fergus Falls and Wadena campuses for a Fall 2018 start. The M State Nursing programs are designed to prepare qualified students for careers in nursing.

Important Notes:

- **PSEO students are not eligible to take Nursing courses.**
- **Acceptance into the Nursing program is competitive. Admission is based on selective criteria contained in this document. Meeting the criteria does not guarantee acceptance into the program. Please review this entire document carefully.**
- **Curriculum information can be found at www.minnesota.edu/nursing. Scroll down to the section entitled Programs & Majors.**

We are pleased you are considering M State and look forward to receiving your application. We strongly encourage you to discuss the admission requirements and program requirements with an academic advisor on the campus you plan to attend. For assistance in reaching an advisor, please contact the M State Support Center at 877.450.3322 or email info@minnesota.edu.

Which M State application process is right for you?

NEW TO M STATE - Follow this procedure if you are a student who has never attended Minnesota State Community and Technical College in Detroit Lakes, Fergus Falls, Wadena or Moorhead.

- ✓ Submit an online application for admission at www.minnesota.edu/admissions.
- ✓ Submit a \$20 application fee.
- ✓ Submit high school/GED and college transcripts.

You can apply to the college for general education courses and to the Nursing program at the same time. Your Nursing application will be reviewed for selection only if you are admitted to M State.

All transcripts, the \$20 application fee and application materials for admission to the college should be sent to:

M State Central Processing
405 Colfax Ave SW
Wadena, MN 56482

RETURNING STUDENT TO M STATE - Follow this procedure if you have attended M State in the past but you are not currently enrolled in courses. If you have ever attended any one of the campus locations, consider yourself a returning student.

- ✓ Submit an online application for admission at www.minnesota.edu/admissions.
- ✓ If you have attended another college since you last attended M State, you will also need to submit the official transcripts to:

M State Central Processing
405 Colfax Ave SW
Wadena, MN 56482

CURRENT M STATE STUDENT - If you are currently attending an M State campus or taking an online course, continue to the next page.

Guidelines for applying to the ADN - Generic Option

<p>Location</p>	<p>Fergus Falls and Wadena campuses</p>
<p>Apply to M State</p>	<p>To be considered for an M State Nursing program, students must apply and be accepted to M State. For admission to M State, complete the online application at www.minnesota.edu/admissions. The application for the Nursing program is separate but can be completed at the same time.</p>
<p>Assessment Testing</p>	<p>Students who have not completed college-level English and/or college-level math and/or do not have recent* ACT or Accuplacer test scores are required to complete assessment testing prior to applying to the ADN - Generic Option program.</p> <p>*Reading scores must be within the last three years. Math scores must be within the last two years.</p> <p>Students who need assessment testing should check www.minnesota.edu/assessment for assessment testing dates and locations.</p>
<p>Associate Degree in Nursing - Generic Option Program Application</p>	<p>The ADN - Generic Option program application must be submitted for an applicant to be considered for the program. The link to the online application can be found at www.minnesota.edu/programs/nursing. (This document must be read and understood in its entirety prior to applying.)</p> <p>The application deadline for Fall 2018 is March 16, 2018. Applicants who meet all requirements for admission and provide all of their documents by this deadline will have the greatest chance of being admitted into the program. If the priority deadline has passed, check www.minnesota.edu/nursing to see if applications are still being accepted. Click on the Associate Degree in Nursing (ADN) - Generic Option under the Nursing section.</p> <p>If there are more eligible applicants than available seats by the priority deadline, eligible applicants with the highest entrance exam scores will be offered a seat first. Eligible applicants who do not get into the program due to the competition for a limited number of available seats will be placed on the waiting list. If a seat in the program opens, it will be offered to the student with the highest entrance exam score who was eligible to be accepted by the priority deadline.</p> <p>If you have transfer work from another college, please allow three to six weeks for M State to evaluate your courses for transfer. Courses will not count toward your admission to the Nursing program until they have been successfully transferred.</p>

Admission to the Associate Degree in Nursing - Generic Option is competitive. Students must meet the following eligibility criteria.	
Entrance Exam	<p>Students must score at the “Proficient” competency level (58.6 percent) or higher on the Assessment Technology Institute Test of Essential Academic Skills (ATI TEAS). The previous ATI version (TEAS V) scores will be valid for two years.</p> <p>Preparation for the ATI TEAS: The TEAS focuses on verbal, math and science skills. For more information regarding the TEAS, including frequently asked questions, special accommodations and how to register, visit www.minnesota.edu/nursing/entrance-exam. ATI TEAS official results are required and must be completed prior to the deadline in order to be considered for the program.</p> <p>Nursing program applicants are ranked by their TEAS scores. Students are awarded seats in the following order:</p> <ol style="list-style-type: none"> 1. TEAS scores – those with the highest scores will be awarded a seat. 2. GPA for general education courses – will be used only if a tiebreaker is needed.
High School Status	<p>High school graduates are encouraged to register for college general education courses while they pursue acceptance into the program.</p> <p>Current high school students must complete their junior year before applying and supply a high school transcript with a 3.00 GPA or higher upon completion of their junior year.</p> <p>PSEO students are ineligible to take core Nursing program courses (courses with a PNSG or NURS prefix). GED completers need a score of 500 or greater on the GED. Applicants unable to obtain a score report may still apply; eligibility will be based on space availability in the program. Applicants with a GED must earn nine college credits (excluding developmental courses) with a C or higher to be considered for admission.</p>
Math and English Requirements	<p>Math scores on the Accuplacer/ACT must place the student into Math 1114 College Algebra or higher. Students testing into developmental math must complete the course(s) with a grade of C or higher prior to starting the program.</p> <p>Reading scores on the Accuplacer/ACT must place the student into English 1101 College Writing I. Students testing into developmental English must complete the course(s) with a C or higher prior to starting the program.</p> <p>If you have coursework in progress, you can submit the Associate Degree Nursing - Generic Option program application to maximize your chance of being admitted into the program. Students may be conditionally accepted while courses are in progress, provided the courses are completed prior to program start. Your application may be reviewed again when grades become available. Please let nursing admissions know when you have additional grades to be reviewed; email nursing@minnesota.edu.</p>
Nursing Assistant Requirement	<p>Students must upload to the Student Passport system evidence of nursing assistant experience by July 1, 2018 in order to be eligible to start classes in fall. The following are means of demonstrating experience:</p> <ul style="list-style-type: none"> • Successful completion of a Nursing Assistant course OR Healthcare Core Curriculum with nursing assistant skill set within the last five years with a minimum grade of C or Pass. • Current unencumbered Certified Nursing Assistant (current on the Nurse Aid Registry for any state). • Evidence of current employment as a nursing assistant or patient care technician. Evidence includes documentation of the nursing assistant skills regularly performed and validation from a supervisor that the applicant has worked at least one weekend a month for six months during the past year. <p>Applicants may attempt to test out of the Nursing Assistant course if they have health care experience that they feel is equivalent to the work done by nursing assistants. Applicants are responsible for the costs and fees associated with the test-out process. Students who do not successfully test out will be required to enroll in and complete the Nursing Assistant course.</p>
GPA Requirements	<p>A 2.75 cumulative GPA* is required for applicants who have earned nine or more college credits in general education courses required for the program (not including developmental courses).</p> <p>*The following general education courses are used to determine cumulative GPA:</p> <ul style="list-style-type: none"> • BIOL 2260/2261 Human Anatomy and Physiology I and Lab • BIOL 2262/2263 Human Anatomy and Physiology II and Lab • BIOL 2267/2268 Medical Microbiology and Lab • ENGL 1101 College Writing • PSYC 2222 Lifespan Development • CHEM 1100 Fundamental Concepts of Chemistry <p>While applicants are not required to take all of these courses prior to being accepted, grades in completed courses must average a 2.75 GPA AND applicants must earn a grade of C or higher in each course.</p> <p>To calculate your cumulative GPA, use the GPA Calculator at www.minnesota.edu/genericgpa/.</p> <p>Applicants who have not earned at least nine college general education credits toward the Associate Degree Nursing program must meet the following criteria:</p> <ul style="list-style-type: none"> • High school GPA must be 3.00 or higher. • Successful completion of one year of high school chemistry and/or biology, OR earn a minimum of 24 on the science portion of the ACT. • A grade of C or higher in any completed college general education courses required for the program.* (These courses are listed above.) <p>Current high school students must complete their junior year before applying and supply a high school transcript with a GPA of 3.00 or higher upon completion of their junior year.</p> <p>PLEASE NOTE: Program-required general education courses must be completed with a grade of C or better before or during the semester in which they appear in the program plan. Students who do not meet this expectation will not be permitted to continue taking NURS courses and should work with an advisor to create a revised plan of study.</p>

ELIGIBILITY CRITERIA

PROGRAM EXPECTATIONS	<p>Correspondence from the college will provide more information related to the following. However, Nursing program applicants are encouraged to consider these requirements ahead of time.</p>	
	Laptop Computer	<p>All Nursing programs require students to have a laptop computer. The cost will be in addition to the cost of tuition, fees and books.</p> <p>The required computer specifications can be found at minnesota.edu/programs/nursing/laptop-requirement/.</p>
	CPR	<p>Students must provide an American Heart Association Basic Life Support official certification card by July 1, 2018 in order to be eligible to start classes in fall. Certification must include a hands-on testing component.</p>
	Minnesota Department of Health Background Check	<p>Accepted nursing students are required to have a cleared Minnesota Department of Health background study by July 1, 2018 in order to be eligible to start classes in fall. A \$30 fee will be assessed for processing the background study and fingerprinting/photo. The process for background studies and fingerprinting will be included with acceptance literature.</p> <p>Accepted students who choose not to complete the background check OR who do not pass the background check may not be permitted to attend clinical experiences or service learning opportunities. In such cases, the college cannot guarantee alternative learning opportunities, which ultimately will affect students' ability to complete the program.</p>
	National Background Check	<p>Accepted nursing students are required to have a cleared national background study by July 1, 2018 in order to be eligible to start classes in fall, even if they have completed a national background check for employment. National background checks are completed through a third-party vendor. Instructions and codes will be provided via official M State email from Joel Hoffman, nursing lab assistant. The cost of the background check is \$45.75. Students are responsible for the cost.</p> <p>Accepted students who choose not to complete the background check OR who do not pass the background check may not be permitted to attend clinical experiences or service learning opportunities. In such cases, the college cannot guarantee alternative learning opportunities, which ultimately will affect students' ability to complete the program.</p>
	Health Forms	<p>Students are required to upload a completed Health Division Health Form into the Student Passport prior to starting core NURS courses. If there is a change in the student's physical or emotional health status, (s)he is required to upload a <u>Change in Health Status Approval Form</u> from a health care provider indicating the specific activities in which (s)he can or cannot engage during clinical and/or lab. Students with clinical and/or lab restrictions must be able to meet all associated course outcomes in order to successfully complete the course(s). Clinical partners may not permit students with restrictions(s) to participate in their facilities, resulting in the students not being able to meet those course outcomes. A list of the nursing program Technical Standards can be found on the Nursing webpage at www.minnesota.edu/nursing/nursing-students/.</p> <p>Proof of immunization (including a yearly influenza vaccination) is required by clinical facilities. Conscientious objectors may not be able to complete clinical courses at the discretion of the clinical facilities.</p>
	Student Passport	<p>Health forms, supporting documentation, American Heart Association BLS card (CPR) and evidence of NA experience are required to be uploaded to the Student Passport system by July 1, 2018 in order to be eligible to start classes in fall. Information on Student Passport will be sent to all accepted Nursing students.</p>
<p><i>FAILING TO COMPLY WITH THE ABOVE REQUIRED PROGRAM EXPECTATIONS WILL RESULT IN PROGRAM PROBATION AND/OR REMOVAL FROM THE PROGRAM.</i></p> <p><i>STUDENTS ARE ENCOURAGED TO KEEP COPIES OF ALL UPLOADED DOCUMENTS (HEALTH FORMS, IMMUNIZATIONS, CPR, NURSE AID). STUDENTS WHO BECOME OUT OF SEQUENCE WILL BE REQUIRED TO RESUBMIT ALL DOCUMENTATION.</i></p> <p><i>STUDENTS ARE RESPONSIBLE FOR MAINTAINING CURRENCY AND UPLOADING UPDATED DOCUMENTATION INTO STUDENT PASSPORT PRIOR TO THE EXPIRATION OF IMMUNIZATIONS AND CPR.</i></p>		

Notification of admission status

Each student who has submitted a complete admissions file by a published deadline will receive an email from the college indicating whether he or she is accepted into the program, placed on the waiting list for the program or currently ineligible for the program. Please be sure to provide your current email address on your program application.

To complete the Fall 2018 ADN - Generic Option Program Application, visit minnesota.edu/nursing and select the ADN - Generic Option application.

If you encounter any issues with the application form, please email info@minnesota.edu.

Please be aware that M State's Nursing admission requirements are subject to change in order to assure the quality of the program. Please refer to the currently posted admission requirements when you complete your application.
