

SURGICAL TECHNOLOGY APPLICATION ASSESSMENT
(to be completed by Surgical Technology selection committee)

Applicant name: _____

Applicants for the Surgical Technology program will be assigned points for the courses listed below to determine which applicants will be accepted. The 20 applicants who have the most points will be selected for admission into the Surgical Technology program. To receive points for the courses, applicants must have completed the courses and received a letter grade prior to the application deadline. We will use the highest grade for any repeated courses. Applicants who have completed prerequisite courses at another postsecondary institution must have their official transcripts evaluated by M State by the application deadline to be used for their application. In the case of one of more ties, an earned grade in BIOL 2262-Anatomy and Physiology II Lecture will be used as a tie breaker.

You may apply before all of the prerequisite courses are completed, but your application will not be reviewed until all prerequisite coursework is complete with a grade of C or higher. If spots are still available, a secondary review will take place once the summer term ends.
