Cost

$525.00 includes course materials & background study application fee. Students will be responsible for the additional $9.10 service fee associated with completion of the background study process. A Mantoux test must be completed no more than 90 days before the first day of clinical. A Mantoux test can be obtained at a healthcare clinic or through an employer.

Payment must be made at time of course registration. Withdrawals must be made 5 business days prior to course start date for a refund.

All students must have a background study and a Mantoux TB skin test done at the beginning of the course as a requirement for clinical placement in Minnesota.

Completion of this course enables you to take the Nurse Aide Competency Evaluation. The competency evaluation is a separate fee of $170.

After successfully completing the competency evaluation, you will be placed on the Minnesota Nursing Assistant Registry. This registration can be easily transferred to North Dakota and most other states.

Information will be presented through the use of lecture, textbook, handout materials, homework and demonstrations. Skills are demonstrated and practiced in a supervised laboratory setting and clinical environment.

This 77-hour Nursing Assistant course is recommended, if you are interested in a nursing career, or if you are seeking employment as a Nursing Assistant. Participants must be 15 years old to take the course and 16 years old to work as a Nursing Assistant.

**Attendance is mandatory to successfully complete this course.**

The Minnesota Department of Health approved course includes the skills and knowledge needed to care for both male and female residents.

Areas of study include:

- Communication
- Infection control
- Safety and emergency procedures
- Resident’s rights
- Basic nursing skills
- Personal care skills
- Feeding methods
- Elimination procedures (toileting)
- Skin care
- Transferring, positioning and turning methods
- Dressing
- Ambulating the person
- Range-of-motion exercises
- Signs and symptoms of disease
- Care for cognitively impaired persons (those who have problems with thinking and memory)

**Copy and keep this brochure page before submitting the registration form.**
