## Boiler Courses

### Boiler Engineering

This 18-hour course covers steam and hot water boiler and heating plant operations at a slower pace. Students are prepared for the Minnesota Grade C Boiler License (Special through Chief).

Classes will begin 2021

### Stationary Boilers Low Pressure Review

This eight-hour course is designed to help the prospective engineer execute his/her job more safely and efficiently. As this class is considered a *prep class for the Special Boiler License*, emphasis will be on preparing for the State Boiler Examination. In addition to this preparation for the exam, this class is *also considered a review for other low pressure applications and could assist in advancing from one license classification to another.*
