

## About Us...

Locally owned and operated since 1974, Dakota Refrigeration is a leading expert service provider that designs, installs, and services commercial and industrial refrigeration & HVAC systems.

### Why Dakota Refrigeration Needs You:

Our success depends on our people. As we continue to aggressively grow within our current markets and expand into new ones, the need to expand our team with qualified people is even more vital.

### What Makes Dakota Refrigeration Different:

We take tremendous pride in providing our customers with the best, most consistent refrigeration & HVAC services available. This means we focus on hiring the right people; significantly invest in employee training & development; utilize state-of-art processes and tools to continuously improve our market-leading position.

### What Dakota Refrigeration Can Mean to You:

We provide more than a job; we offer the opportunity for a career in an environment where you can grow personally and professionally.

### Just a few reasons for joining our team:

- A career path with the opportunity to learn and grow.
- Rewards and recognition for your hard work through a variety of incentives and rewards.
- A comprehensive benefits program for you and your family.
- Retirement planning through an employer-matching 401(k) plan.

## Recruitment Scholarship

If you are looking to become a part of both a successful and professional company, the Dakota Refrigeration recruitment program may be right for you.

The scholarship is setup to help students financially and to help Dakota Refrigeration add and retain new talent for the company.

## Scholarship Structure

Dakota Refrigeration will award a scholarship of up to \$10,000 for 2-years of coursework in the Refrigeration Tech Program. To qualify for this scholarship, Dakota Refrigeration will require attendance records, a transcripts of grades with a 3.0 GPA or higher, and a commitment of 5 years of employment with Dakota Refrigeration.

As a bonus, if you are attending a 2 year college with the summers off, you will have the opportunity to work and get paid.

## Eligibility & Requirements

- Graduates looking to or are currently enrolled in a trade school and wanting to obtain a Refrigeration Technology Associates Degree
- Commitment of 5 years of employment with Dakota Refrigeration
- Maintain GPA of 3.0 or higher
- Obtain your Refrigeration Degree
