

THERE'S FUN IN YOUR *Future* AT M STATE

Earn dual credits in PowerSports
while in high school

FALL SEMESTER

- ▶ **PWST 1002 Snowmobile, Off Road Vehicle and Motorcycle Maintenance:** Get your recreational vehicle ready for the upcoming season! If you don't have your own vehicle, you can learn maintenance skills on ours.
- ▶ **PWST 1017 Fuel Systems 1:** Learn the theory and operation of basic power sports fuel systems.

SPRING SEMESTER

- ▶ **PWST 1080 Snowmobile Engines:** Learn all about snowmobile engine designs and service.
- ▶ **PWST 2115 ATV Systems:** Learn about ATV and side-by-side service and repair.

- ▶ For interested students, all four courses will transfer into the PowerSports diploma, AAS and certificate programs
- ▶ Students can enroll during either semester and take 1-2 courses per semester
- ▶ Detroit Lakes High School students who enroll in a PowerSports course can get credit for their high school's small engines class

- ▶ The courses provide factory training for brands including Honda, Yamaha, Polaris, Arctic Cat, Briggs & Stratton and Stihl
- ▶ Students can work on their personal equipment and are eligible for discounts on parts and accessories
- ▶ Tuition and books are free through the PSEO program

Visit minnesota.edu/pseo to learn more about PSEO at M State. For more information, contact Sandy Torgusson at sandy.torgusson@minnesota.edu or 218.846.3777.
