5. Approval of Previous meeting minutes	A	All	Review and approval of spring 12 minutes.	Approval of previous meeting minutes, motion by Steve M and second by Scott

				W approved.
6. Election of chairman	A	All	Elect a chairman and backup chairman for advisory board	Gary Hertel explained the MNSCU guidelines for advisory boards and notified the board of a need to have a chair and co-chair. Motion to have Jay K. chair and Scott W Co-chair was made and approved by all.
7. M State Changes	I	Jim Bainer	Update board on changes at M State	Jim updated the board of the changes at M State including the departure of Jerry Migler and John Centko. Gary explained the new structure and the background of the current administrators including Dr. Kennedy and Dr. Brock.
8. Curriculum	I	Diesel Faculty	Changes made the past year and possible future changes to the current curriculum.	The faculty explained changes made to

				curriculum and the rational. Discussion was held on if we should continue to have a diploma option in the program, student member Steve Henne defended the diploma option indicating several students were enrolled in the program to help with family farm.
9. Describe one class each meeting.	I	Dick Weber Dave Eliason	Dick and Dave will discuss 1 st year fuel class, describe lab and lecture exercises.	Dick and Dave described first year fuels class and what the lecture/ lab content, board seemed satisfied with the class.
10. 60/120 Legistraition	I	All	Discuss 60/120 legislation and how it effects program	Gary gave a detailed explanation of the 60/120 law and what it means to technical programs such as

				Diesel. Gary asked the board for a motion to move forward with the waiver process which includes a comparison of other diesel programs in the state and why the Moorhead program should be granted a waiver. Motion by Jay and second by Steve to apply for a waiver, all in favor.
11. Equipment donations and future needs	I	Greg Peterson.	Update board on donations received the past year.	Greg gave a brief update on donations including the Steiger 350 and NH T6060 just to name a few, donations keep rolling in and the board would like an e-mail of needs. In process.
12. Skills USA	I	Jim Bainer	Spring/Summer 2012 results and 2013 outlook.	Provided update

				<p>of last years competition and how the judging error cost our student, also gave an outlook to this year's contest and our expectations, we feel we have a excellent chance of winning again. Explained to board that we would be attending pre-contest meeting this year and voicing our concerns.</p>
13. Past and current lab projects	I	All	<p>2006 New Holland backhoe (Complete); 2006 JD 320 (Club Project sold); 2006 JD 325 (Completed sold); 2004 T-800 KW (Completed); 2004 Columbia (Completed sold); Fiat Allis 645B (sold) Case IH 5130 (In Progress); 2003 F-550 (Completed); 2004 IH 8600 (Completed/Sold); 2001 IH 8100 (Completed/Sold); 1845 Case (complete); 1835 Case (In Progress); 2006 Peterbilt (In Progress); 2006 IH CF 600 (in process) 1999 Volvo VN (In Progress) 2006 Dodge 3500 customer overhaul (Completed) 1998 Freightliner FL70 (Completed/Sold) 2005 IH 9200I (In Progress) 2003 Sterling AT9500 (in Progress) 6 customer engine overhauls (various states) 98 Freightliner FL80 (in progress) Bobcat 7753 (upcoming) 2004 Freightliner Columbia, (Upcoming)</p>	<p>Updated board, equipment list continues to grow bigger and newer.</p>

14. Enrollment outlook for next year and current student count	I	Dick Weber	Current and future numbers; need to register early to insure place in program.	Dick gave an update of the current enrollment which stands at 64. At this point we feel we will have 44 new starts for Fall 13. Discussion held on how many are sponsored by CNH or Deere and how many are general. Currently we have 17 CNH and 3 Deere students, the remaining 44 are general.
15. AED Scholarship	I	Dick Weber	Two 1,000.00 dollar scholarships from Mike Rowe Works/AED	Dick gave an update to the Mike Rowe works scholarship which is two 1000.00 dollar tool scholarships giving to second year students with the highest GPA. Dick also updated the

				board regarding re-accreditation with AED and a site visit spring of 13, Jim will make time available in late April or early May to spend with review team.
16. Building update	I	Jim	Diesel/Auto addition	Jim and Gary updated the board on a capital project to expand the transportation area of the Moorhead campus. We feel good that it will rank high enough on the MNSCU list for approval. This would expand the transportation area by approx. 2.5 times the current diesel size. Discussion held on if approved would

				we be adding sections of students, we feel we will be if built.
17. Questions/Adjourn	I	All	Spring Meeting?	Spring meeting will be held after AED site visit on a Tuesday, Wednesday, or Thursday in the late afternoon. Motion to adjourn unanimous.
