COLLEGE HISTORY

Minnesota State Community and Technical College was created July 1, 2003, with the merger of Fergus Falls Community College and the Detroit Lakes, Moorhead and Wadena campuses of Northwest Technical College. The College was developed to better serve the needs of communities in the region through the combination of west central Minnesota and the Red River Valley through the combination of strong technical programs and comprehensive community college curriculum.

Each of our four campuses has been meeting local educational and workforce needs for 57 years or longer: The Wadena campus was founded in 1959, Fergus Falls in 1960, Moorhead in 1965 and Detroit Lakes in 1966.

The Fergus Falls campus was established thanks to the initiative of community leaders determined to create a community college where area students could complete the first two years of a four-year degree. The other three campuses were established when state leaders recognized the need to provide education and training to meet workforce demands. True to that goal, the campuses have added and enhanced programs as demands have changed.

Today, M State serves more than 10,000 students in credit and non-credit courses each year in over 70 career and liberal arts programs offered online and in-person.

ACADEMIC REGALIA

The academic dress worn by the M State faculty and graduates reflects a tradition that dates back to the 11th and 12th centuries, when heavy robes purportedly served to distinguish the academic standing of the wearer and offer protection against the chill of unheated buildings.

The markings, cut and color of academic apparel – cap, gown and sometimes hood – indicate the wearer's academic degree, field of study and the institution that granted the degree.

Gowns vary in the trimming and the design of the sleeves. The doctoral gown has bell-shaped sleeves with three velvet chevrons. The master's gown has oblong sleeves, and the bachelor's gown has long pointed sleeves; neither has any trimming.

The predominant color on the hood signifies the academic color or colors of the institution from which the degree was received. The second color designates the department or field of study. The length and shape of the hood reflects the highest degree earned by the wearer.
