

# minnesota cancer alliance

working together to eliminate the burden of cancer

## what do we do?

The Minnesota Cancer Alliance is committed to reducing the burden of cancer for all people living in Minnesota. We are a coalition of over 100 organizations from diverse backgrounds and disciplines dedicated to reducing the burden of cancer across the continuum from prevention and detection to treatment, survivorship, and end-of-life care through a health equity lens.

MCA also coordinates Cancer Plan Minnesota, a framework for action that invites everyone to get involved in reducing the burden of cancer and promoting health equity. It challenges organizations and individuals in every sector and every region of the state to step up, work together and make a difference for all Minnesotans.

### connect

Connect with individuals and organizations who share the common goal to reduce the burden of cancer for the people of our state.

### collaborate

Collaborate with traditional and non-traditional partners to shape Minnesota's cancer priorities and carry out Cancer Plan Minnesota.

### advocate

Advocate to amplify voices with others and create lasting policy changes on cancer-related issues.
